

## Mini Miracles

---

## Introduction Pack

### **What are the Mini Miracles and First Steps Nursery Madrassah?**

The Mini Miracles and First Steps Nursery Madrassah aims to instil a love of the Islam using play and interactive methods to expose the children to the beauty of our faith. It is a precursor to the madrassah which starts in DA from the age of 5.

### **What will your children do?**

Subjects taught are limited to three to include: familiarisation to the Arabic alphabet, memorisation of small Quranic surahs, and short adaabs and du'as. Ending finally with a story, adding an interactive and fun element to learning about key Islamic and moral concepts. Arts and crafts will be used wherever appropriate and although the aim is to impart Islamic teachings we aim to keep it light and enjoyable.

### **Charting Progress:**

The Progress of your child will be updated daily in their **daily diary** which is provided by the institute. Moreover, the teachers will keep an updated record at the institute of what is covered and when it is covered and comments concerning the progress of your child.

### **Parents evening:**

We have 2 parents evenings per academic year. Please refer to the academic calendar on the website.

### **Graduation:**

At the end of the year your child will be presented with a certificate for completing the year and we will conduct a nursery graduation for the children at our annual presentation evening

### **Procedures and policies\***

**Queries/ concerns/ appointments:** If you have Queries, concerns, complaints, would like to book an appointment to speak to a teacher Please email us at: **info@datrust.org** and we will get back to you ASAP making the necessary arrangements.
